Aquaspirit 450

A technical diagram of the Spirit 450 C RIB boat, showing its internal structure and components. The diagram illustrates the cockpit area with a steering wheel, the engine compartment at the stern, and the two large black tubes that make up the hull. The tubes are labeled '450' and 'SPIRIT'. The boat is shown from a top-down perspective against a black background.

- ANNUAL ANTIFOULING AND ANODES
- ANNUAL ENGINE SERVICE (T'S AND C' APPLY)
- FULL VALET AT START OF SEASON

*LIMITED TO A MAX OF 25 HRS PER YEAR

Frequently asked questions

What happens if I go over my 25 hrs?

- The engine must be serviced annually or every 100hrs according to manufacturer's instructions. There is an additional charge of £6 per hour if you go over 25 hrs in order to help cover of the extra engine service required.

How do I refuel?

- Fuel can be purchased from the marinas in Plymouth, or we offer a refuelling service and charge the same price as the fuel pump plus labour charge at £55 an hour to carry out the refuelling.
- The boat must be left full of fuel
- The AQS450 has a removable tank and each owner will have their own tank

What if I want to sell my share?

- We charge a small commission for selling your share.
- You are committed to the monthly membership until your share is sold

Why can I not book more than 3 days at a time?

- In order to maintain fair use and availability for each party, we limit the booking to three days at a time, with your next day being able to be booked after day 1 of your 3 and subject to availability.

Do I need insurance?

- You will need to insure your own share of the boat each year. We can help you with finding a provider, coverage required, vessel information required, etc.

What other equipment do I need?

- You will need your own lifejackets and clothing to suite the environment, for example wet weather gear. Due to our relationship with suppliers, we can often supply these and other equipment at favourable rates, for example water sports, tow toys, etc. Please let us know what you need
